

funktion - 11

Tech Rider

Electric Power:

At funktion 11 we usually need four dedicated lines, (20 amp circuits) for the band's power needs.

Sound Board:

funktion 11 uses a minimum of twenty four, (24) channels. Snakes on stage preferred as well.

Mike's:

The front vocals, two (2) prefer wireless mikes unless the quality creates feedback.

The horns currently prefer four, (4) hard wired mikes, unless wireless horn mikes are of a very high quality that do not create feedback.

funktion 11 has five, (5) vocalist's in the band. The three, (3) non front vocals usually use hard wired vocal mikes.

Drums- please specify if you have drum mike's for our drum set or not, 72 hours before performance.

Percussion- requires a minimum of two, (2) instrumental mikes with one (1) of the mike's on a boom stand over timbales and toys.

Monitors:

funktion 11 prefers "wedge floor monitors" whenever possible. We usually use seven, (7) wedge monitors for optimum performance.

The band has used "in-ear monitors" in past performances if needed.

A minimum of four, (4) monitor mixes are preferred for funktion 11.

DI Box:

The percussion set up at funktion 11 requires a DI box for a Roland- SPDS Drum Pad.

Back Line:

If back line is provided for a performance, please provide a drum kit, and three, (3) amps for bass, guitar, and keys. Percussion is always preferred optional if supplied.

Stage/ Risers:

funktion 11 always prefers to perform on a stage or risers above any dance floor or concert performance if at all possible. This can also be in a multi-platform arrangement as well.
